

Mower Deck

for Kubota, John Deere, Iseki and Shibaura
outfront mowers

Models in this range: MJ61-175 and MJ61-200

This innovative rotary mower deck is designed for use with the Kubota F Series, Shibaura, Iseki SF series, Ransomes HR300 and John Deere 1400/1500 Series II outfront power units.

There are two models available; 1.75m and 2.0m. The MAJOR Synergy mowing deck gives a professional striped finish at incredibly fast forward speeds. Strenx™ 700 MC high-strength steel is used to manufacture this mower making it nimble and light weight, yet very strong. Castor wheels allow the mower to follow the grounds curves and undulations to give a beautifully striped cut.

- ✓ High-wear blade system
- ✓ Adjustable castor wheels
- ✓ 153 mm (6") blade overlap and high blade tip speeds
- ✓ Ideal for sports pitches and parklands
- ✓ Adjustable rear-roller with internal roller bearings, to match desired cutting height
- ✓ Gear driven; mows in a variety of grass lengths
- ✓ Shock-absorbent couplings between gearboxes

“ We are contracted to mow the lawns at Rookery Hall Hotel in Cheshire, UK. The MAJOR Synergy gives a lovely finish at pretty fast forward speeds. The mower performs brilliantly and has exceeded our expectations. ”
Ian Whibberley, Flora-tec Ltd
