

# CONTOURA

A robust rotary mower for sports turf and golf courses

# Contoura Mower

## A robust rotary mower for sports turf and golf courses

The Major Contoura combines durability and agility for an exceptionally versatile mowing solution on undulating terrain. Suitable for tractors 45hp and above, this mower delivers a high quality finish in challenging golf rough, fairways and sports grounds.

A multi-pivoting frame with self-aligning spherical bearings enables the Contoura to hug the ground easily and efficiently. The gearbox driveline delivers consistent high-blade tip speeds at 76 m/s and full length rollers ensure a level and striped presentation.

Made with Strenx™ 700MC high-strength steel and galvanised, the Contoura Mower is an exceptional mower built for endurance and performance. The Contoura Series 2 offers superb precision cutting with durable 5mm boron steel blades that can be easily sharpened for even longer working life.

*“Major mowers are well engineered, durable, require minimal maintenance and have many benefits over and above other mowers on the market. The Major Contoura is the ideal machine for grounds-care professionals who are looking for high output on undulating ground.”*

**NICKY GRENE, GRENE SPORTSGROUNDS LTD**

Specifications	MJ76-360
Overall Width	3.71m (12' 2")
Working Width	3.60m (11' 9")
Transport Width	2.31m (7' 6")
Transport Height	1.92m (7' 3")
Power (HP)	45-75 HP
PTO rpm	540
Cutting Height	10-110mm
Rotors	6
Blades	12
Weight	1395kg
Blade tip speed	86 m/s
Mowing Rates (Acres/hr at 7mph)	10

### Features:

- ✓ Unique pivoting frame allows the mowing decks to follow the ground contours with ease
- ✓ Fully galvanised finish for even longer machine life
- ✓ Zero turn capability allows tight turns or mowing around obstacles without turf damage
- ✓ Full width rollers follow undulations to give a consistent cut, even in the most challenging terrains
- ✓ Gear driven drive line, eliminates the problems associated with belt driven mowers
- ✓ Internal roller bearings give total protection against moisture and soil
- ✓ Two blade systems in one; a simple adjustment converts the blade from rigid blade to swinging blade.
- ✓ Even distribution of cut material
- ✓ 3-year MAJOR warranty

## About Major

Since 1976, Major Equipment continuously innovates and engineers reliable and easy to operate tractor-powered equipment with the strength and stamina for agricultural, grounds maintenance and industrial settings. The designs combine the best features in modern machinery, for efficiency and productivity in every field. Modern manufacturing techniques and best-in-class components are used to maximise product performance, increase machinery lifespan, and reduce the total cost of ownership.

### **MAJOR. Quality, resilience, and pride.**

Every MAJOR product stands for the quality, resilience and pride that reflects its agricultural roots. The family-owned and operated business is based in the West of Ireland, a country renowned for engineering excellence around the world.
