

Contoura Mower S2

Winged, Trailed

The Major Contoura combines durability and agility for an exceptionally versatile mowing solution on undulating terrain. Suitable for tractors 45hp and above, this mower delivers a high quality finish in challenging golf rough, fairways and sports grounds.

A multi-pivoting frame with self-aligning spherical bearings enables the Contoura to hug the ground easily and efficiently. The gearbox driveline delivers consistent high-blade tip speeds at 76 m/s and full length rollers ensure a level and striped presentation.

Made with Strenx™ 700MC high-strength steel and galvanised, the Contoura Mower is an exceptional mower built for endurance and performance.

The Contoura Series 2 offers superb precision cutting with durable 5mm boron steel blades that can be easily sharpened for even longer working life.

Model	MJ76-360
Overall Width	3.71m (12' 2")
Working Width	3.60m (11' 9")
Transport Width	2.31m (7' 6")
Power (HP)	45-75 HP
PTO rpm	540
Cutting Height	10-110mm
Rotors	6
Blades	12
Weight	1395kg
Blade tip speed	86 m/s
Mowing Rates (Acres/hr at 7mph)	10

Features

- ✓ Unique pivoting frame with self-aligning spherical bearings, allow the mowing decks to follow the ground contours with ease
- ✓ Fully galvanised finish for even longer machine life
- ✓ Kerb lift; the mowing decks can be raised off the ground to avoid obstacles, without disengaging the PTO
- ✓ Zero turn capability allows tight turns or mowing around obstacles without turf damage
- ✓ Full width rollers follow undulations to give a consistent cut, even in the most challenging terrains
- ✓ Gear driven drive line, eliminates the problems associated with belt driven mowers
- ✓ Internal roller bearings give total protection against moisture and soil
- ✓ Two blade systems in one; a simple adjustment converts the blade from rigid blade to swinging blade.
- ✓ 3-year MAJOR warranty

Watch Video

We cut 120 acres of rough a week. Some of it is cut twice a week. So we have a lot of cutting to do and need the best machinery to keep on top of it. Everything is just dead-level with the MAJOR Contoura: you can cut 2 inches right across the board. We have a lot of undulations here, which I didn't think it would cut, but it actually cuts everything.
